BASIC WILDERNESS FIRST AID COURSE

STUDENT ACKNOWLEDGMENT, CONSENT AND WAIVER FORM

Part 1 : Acknowledgment of Nature of Course
This is a Wilderness Oriented First Aid Course. Some concepts taught may differ from street or standard first aid. If I have any concerns, I must check and follow the advice of my personal physician and not follow through with or act on any information I am uncomfortable with. I also recognize that the course is a starting point of learning and does not make me an expert. Additional practice and frequent continuing education are necessary to maintain and update skills.

In your own hand, write: " I HAVE READ, UNDERSTAND AND AGREE TO THE ABOVE."

Part 2 : Consent to Physical Examination / Interaction
All students engage in practice physical exams and treatment of each other and are often involved in physical demonstrations, as an example by an instructor. This is a practical course and interaction of this nature is integral to learning. If there is any concern about being touched by anyone, the student must immediately leave the class. Touching is only restricted to proper examination technique or treatment. Students have the right and obligation to stop any activity they are not comfortable with.

I agree to hold Wilderness First Aid Singapore and its personnel harmless, indemnify and find not liable from claims of unwanted contact in cases where I do not request to withdraw from the activity.

Part 3 : Consent to Media Release
I understand that photos or video may be taken during the course which includes myself attending the course and being involved in course activities. These photos will only be used in WFA related teaching material and not released elsewhere.
